DSAG Annual Congress 2024 in Leipzig

Meet the IAM security experts from ASCONSIT live

by ASCONSIT | Published on 25. September 2024

Experience the most important and latest security trends for identities, access and governance.

How the end of maintenance of SAP Identity Management can be used to optimize the changeover.

The ASCONSIT team will be at the DSAG Annual Congress from October 15 to 17, 2024.

ASCONSIT Expert Topics

Obtaining detailed clarity about the technical requirements associated with the replacement of SAP Identity Management is a key task as the maintenance period for the SAP product comes to an end. The search for the best possible successor solution is in full swing. Answers are needed as to how to proceed and what the next steps are. Which solution is the right one depends on a variety of prerequisites and technical details.

Based on the experience from ongoing migration projects, as well as the **experience from countless SAP security projects**, ASCONSIT has developed a tool that automatically determines and documents the path to migrate the product in the right direction. With ASCONSIT and **FASTlane** Migration Analyzer and the upcoming Migration Wizard, the changeover to the most suitable successor technology is efficient and economically feasible.

Answers are provided to the key questions about the financial requirements, the operational process steps and the timeframe.

ASCONSIT activities at the DSAG Annual Congress

We will be presenting live at our stand how the changeover to the optimal successor solution to SAP IdM can be carried out comprehensively and with all the essential information and steps. This will be based on our experience from completed migration projects. In detail, we will highlight the following points:

- what information is required for a future-proof successor solution for SAP IdM,
- what possible migration strategies look like, taking into account all technical requirements,
-

what the time and financial outlay as well as the concrete timetable for the necessary implementation steps will be.

ASCONSIT is an **exhibition partner** of the DSAG Annual Congress. **Our booth** is in hall 3 with the number **I9**. Meet the ASCONSIT team live and be inspired by our high-quality services.

Secure your presentation appointment at our stand today and simply fill out the form below or contact Markus Keller (E-Mail markus.keller@asconsit.com, Phone +49 4131 / 60 41 68 - 0).
