# EIC 2024 in Berlin

## Meet our IAM security experts live in Berlin

by ASCONSIT | Published on 21. May 2024

Experience the most important and up-to-date security trends on identities, access, and governance.

# As with the end of maintenance of SAP Identity Management, the optimal changeover succeeds.

The ASCONSIT team will be at EIC 2024 from 04 to 07 June 2024.

### ASCONSIT Expert Topics

Obtaining **detailed clarity** about the technical requirements associated with the replacement of SAP Identity Management is a central task with the given end of the maintenance period for the SAP product. The search for the best possible succession solution is in full swing. Answers are needed on how to proceed and what the next steps are. Which solution is the right one depends on a large number of prerequisites and technical details.

Based on the experience gained from ongoing migration projects, as well as the **experience from countless SAP security projects**, ASCONSIT has developed a tool that automatically determines and documents the path to migrate the product in the right direction. With ASCONSIT and **FASTlane** Migration Analyzer and the upcoming Migration Wizard, switching to the most suitable successor technology is efficient and economically feasible.

**Answers** are given to the crucial questions about financial requirements, the operational process steps and the time period.

### ASCONSIT activities at the EIC

How the changeover to the optimal successor solution of the SAP IdM can be done comprehensively and with all essential information and steps will be discussed in our presentation on Friday, June 7, 2024 at 2:50 p.m. in B 07-08. It is based on existing experience from completed migration projects. The contents of the lecture are:

- what information is required for a future-proof successor solution for the SAP IdM,
- what possible migration strategies look like, taking into account all technical requirements,

- what the time, financial effort and concrete roadmap for the necessary implementation steps looks like.

ASCONSIT is an **innovation sponsor** of EIC 2024. **Our booth** is on level C3 with the **number 43.** Meet the ASCONSIT team live and be inspired by our high-quality services.

Secure your **free VIP conference ticket** today and simply fill out the form below or contact Markus Keller (E-Mail markus.keller@asconsit.com, Telefon +49 4131 / 60 41 68 - 55).
